LA 11:

- ☐ Class Notebook/Binder: this should include everything you need for class (including loose paper). Your notebook should include dividers for the following sections: class handouts, current notes (or literature), and grammar/writing. You may also want to include sections for graded papers and completed literature units. (If it's a large enough binder, you can share it with another class as long as everything for each class is clearly divided.)
- ☐ Spiral notebook (basic one-subject notebook) – to leave in the classroom. You can use the same notebook from last year if it still has at least 1/2 of the paper remaining.
- ☐ Blue/Black ink pens. Highlighters are recommended.
